

Step Forward 2018 – Sign up!

INSTRUCTIONS FOR CREATING A TEAM

1. Go to www.stepforwardpittsburgh.org -- Click **Register Today**
2. From the 4 registration levels listed, choose your level (Are you running or walking? Not today, but in September 😊) Are you a kid or an adult? (kids at heart don't count) and then click: Go to Checkout
3. Who is this registration for? **Me** *Someone Else* Click **next...**The "me" is already highlighted.
4. Fill out the registration detail and when complete, hit **Next**. Be sure to double check your registration information and if correct, click **Go to Checkout**.
5. Under Registration Details, click **Create an Account**. When choosing a password, be sure to write it down. (We don't recommend random sticky notes for this!). Also, on this screen, be sure to check on **Waiver**. Click **Next...**
6. Next you will choose to either **Create or Join** a team. If you are creating a team, you will need a snappy name -this is how others will find you later. They will be able to simply type in the first name of your team and voilà, your info will appear.

Your fundraising details will pop up. Here you can pay the registration and make your own initial personal donation. NOTE: You can change you goal at any time. This year, everyone registered gets a shirt, regardless of how much money you raise. Donors who are not participating do not get a shirt. Also, each PERSON registered will need their own email unique address. Once this is done, you can personalize your page as you wish with photos, stories, and more.

I want to join someone's team and come to the event! How do I do that? We are glad you asked. Go to Register Today. Follow all of the steps above and instead of creating a team, select **Join a Team**. Be the best teammate you can be!

I can't make it on the big day but want to help my friend with my support. How can I do that? Go to www.stepforwardpittsburgh.org. Use the handy dandy search bar on the home page...it will find the individual team leader or Fund Raiser. Just put in the name and it should locate it and pop up! Then go to their page and DONATE! **Your friend will love it and so will you! You're the best!**
